A NEW SPECIESI

Write a description of the animal you invented yesterday.

Try to use lots of powerful adjectives, verbs and adverbs.

Example:

My animal may look cute but it's actually a fearsome creature! Its fluffy, white underbelly makes you want to stroke it but if you get too close, it will quickly strike out its long, sticky tongue and lick you! Yuk! My creature lives in the leafy green jungle and can run incredibly fast using its stripy zebra hooves and also climb trees with its sticky front feet.
