Date: 7th June 2023

Dear parent/carer,

We are aware that you may be awaiting news of the Campton Academy expansion and relocation to a new site on Hitchin Road in Shefford.

We had expected that the new school would be ready by September 2024, but unfortunately, this will not be possible.

We realise that this may be disappointing news, but the process of transferring the land has taken longer than anticipated. We are in discussions with the developer and we will continue to work towards a solution.

We will let you know when school place applications are open for the new site. In the meantime, you can still apply for a place at Campton Academy on the existing site.

We apologise for any disruption this may cause and we will contact you again as soon as we have more information to update you with.

Yours sincerely,

A handwritten signature in blue ink, appearing to read "Peter Fraser".

Peter Fraser
Central Bedfordshire Council Assistant Director for Education
