

English

In Summer A we will be looking at traditional tales, Goldilocks and the Three Bears, Jack and the Beanstalk and The Gingerbread Man. We will be acting out and narrating different stories as well as writing our own. Activities will also include writing a letter to Baby Bear, character descriptions and asking questions to the giant

In summer B we will be looking at hot and cold places. The books will include, Little penguin lost. Polar Bear, Polar Bear, what do you hear? Slowly, Slowly, Slowly, said the Sloth and various non-fiction books. We will be using questions marks and writing reports about the regions and animals living there.

Art Nature sculptures will teach the children about the concepts of nature's sculptures. The children will have the opportunity to learn about different kinds of nature sculptures and explore the work of Andy Goldsworthy. Each lesson in the unit focuses on a different technique using natural materials, drawing and land art. DT Children will explore what makes a healthy packed lunch using the Eatwell Guide. They will design their own healthy packed lunch, using items from the 5 food groups and then will use ingredients, tools and equipment to make their own healthy packed lunch.

History

For our local history this term we will be studying Cardington Hangers which will include history of flight and answer the questions- Where do airships fit into the history of flight? What is the timeline? What is the history of the hangars? We will also look at the disastrous flight of R101

Maths

We will be learning a variety of skills in mathematics including:
Position and direction, Place value,
Positioning, comparing and ordering numbers
1 more/ less
Recognising and counting coins, Time
O'clock and half past
Before and after, counting in 1's, 2's, 5's and 10's.
Multiplication and division
Recognising equal and unequal groups
Sharing equal groups, making arrays
Making doubles, Fractions, Finding $\frac{1}{2}$ and $\frac{1}{4}$ of a quantity
Finding $\frac{1}{2}$ and $\frac{1}{4}$ of a shape

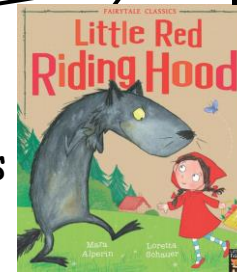

PE
Throwing and catching
Active athletics/Team Games

Science

Plants
Basic structure of a flowering plant
Classification of wild and garden plants
Life cycles of a bean plant
Deciduous and evergreen trees

Once upon a time!
Hot and cold places
Rabbits Class

PSHE
Being my best
Growing and Changing

Music

Performing, singing, composing
Singing cumulative songs and improvising actions; using images as a score to underpin structure.
Listening, playing, performing
Exploring sound effects to enhance a story;
performing songs and chants from a musical.

R.E.

Who is Jewish? Looking at special objects Jewish people might have in their homes, how are stories used in Jewish celebrations and how they celebrate.

Computing- Animated Stories - Children will use drawing and text tools on Purple Mash to create an E-book, developing their skills to add sound and animation. E-safety. Digiduck's Famous Friend - how to stay safe while using the internet and know who to speak to if something upsets them. Grouping and Data - children will begin to put objects into groups based on properties and label them. They will then use their skills to sort objects into different groups and answer questions about their data.

Geography

This Wonderful Weather unit will teach the children about the different types of weather in their immediate environment. The children will then have the opportunity to build on this and knowledge of the four seasons. They will be introduced to hot and cold areas of the world and the impact of different weather types.
